SUMMARY

WordPress developer with three years of experience building and maintaining themes, plugins and custom Elementor widgets for live websites. I maintain a catalogue of 140+ ZozoThemes themes, have published two plugins on WordPress.org, and work on Cookieshift, a cookie consent platform integrated with WordPress, Shopify, Joomla and PrestaShop. As Team Lead, I manage 8 interns and junior developers, from onboarding and task allocation to code review and delivery. I also built internal automation that removes repetitive office work.

SKILLS

WordPress: Themes, plugins, custom post types, meta fields, hooks & filters, theme options, WooCommerce, debugging and maintenance

Languages: PHP, JavaScript (AJAX), HTML5, CSS3; working knowledge of React.js and Node.js

Page builders & UI: Elementor (custom widgets), Swiper, responsive layouts

Platforms & tools: Git, GitLab, Shopify, Joomla, PrestaShop

SEO: On-page SEO, schema / structured data, SEO tooling
